

4/12/15

CONSERVATION RESTRICTION

I. Granting Clause

LEO F. BERTOLAMI, as he is TRUSTEE of OLD MILL DEVELOPMENT TRUST u/d/t dated January, 1986, recorded with Middlesex (S.D.) Registry of Deeds in Book 16728, Page 578, and AUTOPLEX REALTY LLC, a limited liability company organized according to the laws of the Commonwealth of Massachusetts with the usual place of business at 6 Proctor Street, Acton, Massachusetts, (hereinafter, together, the "Grantor"), acting pursuant to Sections 31, 32 and 33 of Chapter 184 of the General Laws, for the consideration of One Dollar (\$1.00) paid, grant to the CONSERVATION COMMISSION of the TOWN OF ACTON, a duly constituted governmental body under General laws Chapter 40, Section 8C, with a place of business at Town Hall, 472 Main Street, Acton, Massachusetts, and its successors and permitted assigns (hereinafter the "Grantee"), in perpetuity and exclusively for conservation purposes, a Conservation Restriction pursuant to Mass. Gen. Laws Chapter 184, Sections 31-33 on a) those two certain parcels of unimproved land in Acton, Middlesex County, Massachusetts shown as "Canoe Landing Lease Area 42,420 Sq. Ft. (0.97 acres)" and as "Conservation Restriction Area 156,190 Sq. Ft. (3.59 acres)" (but in all events excluding the parcel shown as "Unrestricted Area 27.175 Sq. Ft. (0.62 Acres)"), all as shown on a plan entitled "Sketch Plan of Land 67 Powder Mill Road, Action, MA" Prepared for Leo Bertolami scale 1" = 40' "dated May 16, 2003, and drawn by Acton Survey & Engineering, Inc., a copy of which is recorded herewith ("the Sketch Plan") and b) that portion of Lot A containing 38,849± square feet and Lot 1 containing 52,380± square feet lying between the landward line of a 10 foot wide construction easement which is located partly on said Lot A and partly on said Lot 1, and the Assabet River, said Lot A, Lot 1, construction easement and Assabet River all as shown on a plan entitled "Easement Plan 50-56 & 60 Powder Mill Road, Acton, Massachusetts" dated June 2003 prepared by Acton Surveying & Engineering, Inc., a copy of which is recorded herewith ("the Easement Plan"). The land subject to the Conservation Restriction hereinafter set forth is referred to in this Restriction as the "Premises".

II. Purposes

The Premises described in the Granting Clause above contains unusual, unique or outstanding qualities, the protection of which in their predominately natural or open condition will be of benefit to the public.

The Premises include over one thousand linear feet of frontage on the bank of the Assabet River which flows 31 miles from its source in Westborough, Massachusetts to its confluence with the Sudbury River in Concord, Massachusetts, and has been designated by the Department of Environmental Protection as one of the Commonwealth's "major

rivers” for purposes of the administration of the Rivers Protection Act (310 CMR 10.58(2)(a)1.e.).

Because of its proximity to the Assabet River, the Premises is significant to those interests identified in the Wetlands Protection Act, including water supply, flood control, the prevention of pollution, and the protection of wildlife habitat.

The Assabet River is an important recreational resource for various recreational activities including canoeing, kayaking and fishing. The premises also abuts Powdermill Road and provides an opportunity for access to the Assabet River by the public for those purposes.

Whereas the preservation of these areas in their present condition is significant to the natural, scenic, and historically rural character of the Town of Acton and the Assabet River watershed;

Whereas the preservation and protection of the Riverfront Area and other wetland resource areas on the Premises will be furthered by restricting the use of the premises in accordance with this Restriction;

Whereas the preservation and protection of wildlife habitat in and around the Premises will be furthered by restricting the use of the Premises in accordance with this Restriction;

Therefore, the Grantor agrees to grant the conservation easement herein set forth to the Grantee to promote these purposes.

III. Prohibited Acts and Uses, Exceptions Thereto, and Permitted Uses

A. Prohibited Acts and Uses

Subject to the exceptions set forth in Paragraph B below, the following acts and uses are prohibited on the Premises:

1. Constructing or placing of any road, driveway, building, tennis court, landing strip, mobile home, swimming pool, fences, asphalt or concrete pavement, sign, billboard or other advertising display, antenna, utility pole, tower, conduit, line or other temporary or permanent structure or facility on, below or above the Premises;
2. Mining, excavating, dredging or removing from the Premises of soil, loam, peat, gravel, sand, rock or other mineral resource or natural deposit;

3. Placing, filling, storing or dumping on the Premises of soil, refuse, trash, vehicle bodies or parts, rubbish, junk, waste or other substance or material whatsoever or the installation of underground storage tanks;
4. Cutting, removing or otherwise destroying trees, grasses or other vegetation;
5. Activities detrimental to drainage, flood control, water conservation, erosion control or soil conservation;
6. Any other use of the Premises or activity which would materially impair significant conservation interests that are the subject of this Conservation Restriction.

B. Exceptions to Otherwise Prohibited Acts and Uses

The following acts and uses otherwise prohibited in subparagraph A are permitted but only if such acts or uses do not materially impair significant conservation interests, and only in accordance with such permits as may be required under the Wetlands Protection Act or other similar federal, state or local requirements now in effect or adopted subsequent to this Restriction.

1. Construction by the Grantee of a kayak/canoe launching platform, a storage shed for items related thereto, and the construction and maintenance of a public parking area with appurtenances thereto, provided, however, that all such activities are restricted to the portion of the Premises identified as “Canoe Landing Lease Area” on the Plan.
2. The construction and maintenance by the Grantee, and public use, of an unpaved walking trail generally parallel to the Assabet River.
3. Selective cutting of trees for fire protection, unpaved trail and road maintenance, tick control, or otherwise to preserve the present conditions of the Premises, including vistas.
4. Forest management practices (including but not limited to the selective cutting and planting of trees) carried out in accordance with an approved professional forest cutting plan.
5. Division of the premises into two or more parcels of land and the conveyance of the restricted premises in whole or in part, provided that

there shall be a reference to this restriction in any instrument of conveyance.

6. The right of the Grantor to enter the Premises to abate any condition which is dangerous or inconsistent with the purposes of this restriction.

C. Permitted Acts and Uses

All acts and uses not prohibited by subparagraphs A and B are permissible.

IV. Access

The Grantee alone may construct the facilities described in Section III. B. 1. and 2, above, for the convenience of and use by the public, provided that it shall maintain the Premises in a good and serviceable condition at its sole expense, and provided further that no fee or charge shall be imposed for the use of the Premises by the public so as to secure the benefit of the limitations on liability provided by Massachusetts General Laws Chapter 21, § 17C for so long as it or any successor statute may remain in effect.

Except as specified above, the Conservation Restriction hereby conveyed does not grant to the Grantee, to the general public, or to any other person any right to enter upon the Premises except there is granted to the Grantee and its representatives the right to enter the Premises at reasonable times and in a reasonable manner for the purpose of inspecting the same to determine compliance herewith.

V. Legal Remedies of the Grantee:

A. Legal and Injunctive Relief

The rights hereby granted and retained shall include the right to enforce this Conservation Restriction and each and all of the provisions thereof by appropriate legal proceedings and also to obtain injunctive and other equitable relief against any violations.

B. Severability Clause

If any provision of this Conservation Restriction shall to any extent be held invalid, the remainder shall not be affected, thereby

C. Non-Waiver

Any election by the Grantee or the Grantor as to the manner and timing of its right to enforce this Conservation Restriction or otherwise to exercise its rights hereunder shall not be deemed or construed to be a waiver of any other rights.

VI. Assignability

A. Running of the Burden

The burden of this Conservation Restriction shall run with the Premises in perpetuity, and shall be enforceable against the Grantor, its successors and assigns and any others holding any interest in the Premises.

B. Execution of Instruments

The Grantee is authorized to record or file any notices or instruments appropriate to assuring notice of, and the perpetual enforceability of this Conservation Restriction.

C. Running of the Benefit

The benefits of this Conservation Restriction shall be in gross and shall not be assignable by the Grantee, except in the following instances and from time to time.

1. As a condition of any assignment, the Grantee requires that the purpose of this Conservation Restriction continue to be carried out.
2. The assignee, at the time of assignment, qualifies under Section 32 of Chapter 184 of the Massachusetts General Laws as an eligible donee to receive this Conservation Restriction directly.
3. The Grantee has complied with the provisions of Article XCVII of the Constitution of the Commonwealth of Massachusetts.

VII. Subsequent Transfers:

The Grantor agrees to incorporate by reference the terms of this Conservation Restriction in any deed or other legal instrument by which it divests itself of any interest in all or a portion of the Premises.

VIII. Estoppel Certificates:

Upon request by the Grantor, the Grantee shall within twenty (20) days execute and deliver to the Grantor any reasonable document, including an estoppel certificate, which certifies the Grantor's compliance with any obligation of the Grantor contained in this Conservation Restriction.

IX. MAINTENANCE

The Grantee at its sole expense shall maintain the portion of the Premises to which public access is permitted under Section IV., above, in a good, safe and serviceable condition.

X. EXTINGUISHMENT

A. Grantee's Receipt of Property Right

The Grantor and the Grantee agree that the donation of this Conservation Restriction gives rise for purposes of this paragraph to a real property right, immediately vested in the Grantee, with a fair market value that is at least equal to the proportionate value that this Conservation Restriction determined at the time of the gift bears to the value of the unrestricted Premises at that time.

B. Proportionate Value of Grantee's Interest

Such proportionate value of the Grantee's property right shall remain constant.

C. Right of Grantee to Recover Proportional Value at Disposition

If any occurrence ever gives rise to extinguishment or other release of the Conservation Restriction under applicable law, then the Grantee, on a subsequent sale, exchange or involuntary conversion of the Premises, shall be entitled to a portion of the proceeds equal to such proportionate value, subject, however, to any applicable law which expressly provides for a different disposition of proceeds.

D. Grantor/Grantee Cooperation Regarding Public Action

Whenever all or part of the Premises or any interest therein is taken by public authority under power of eminent domain or other act of public authority, then the Grantor and the Grantee shall cooperate in recovering the full value of all direct and consequential damages resulting from such action.

E. Allocation of Expenses upon Disposition

All related expenses incurred by the Grantor and the Grantee shall first be paid out of any recovered proceeds, and the remaining proceeds shall be distributed between the Grantor and Grantee in shares equal to such proportionate value.

F. Continuing Trust of Grantee's Share of Proceeds of the Conservation Restriction Disposition

The Grantee shall use its share of the proceeds in a manner consistent with the conservation purposes of this grant.

XI. Effective Date

This Conservation Restriction shall be effective when the grantor and the Grantee have executed it, the administration approvals required by Section 32 of Chapter 184 of

the Massachusetts General Laws have been obtained, and it has been recorded at the Middlesex County (South District) Registry of Deeds.

XII. Recordation:

The Grantee shall record this instrument and the plans referred to therein in timely fashion in the Middlesex (South District) Registry of Deeds.

XIII. Subordination

The present holder of mortgages on Lot A as shown on the Easement Plan and owned by Autoplex Realty LLC is Citizens Bank of Massachusetts, as successor to Community National Bank of Hudson, Massachusetts. These mortgages are recorded at the Middlesex South District Registry of Deeds at Book 41471, Page 149 and Book 41471, Page 157. The present holder of a mortgage on the land shown on the Sketch Plan and owned by Old Mill Development Trust is Middlesex Savings Bank of Natick, Massachusetts. That mortgage is recorded at the Middlesex South District Registry of Deeds at Book 20202, Page 201. The mortgagees agree to hold the aforesaid mortgages subject to the foregoing Conservation Restriction and agree that the covenants herein shall have the same force and effect as though executed and recorded before the grant of the aforesaid mortgages and further agree that the mortgages shall be subordinate to this Conservation Restriction.

XIV. Title Reference

For title of Autoplex Realty LLC to Lot A and Lot 1 as shown on the Easement Plan, see deed of Leo Bertolami, Trustee of the Wayside Development Trust dated August 20, 2003 and recorded at the Middlesex County South District Registry of Deeds at Book 41471, Page 146 and the deed of Edward J. Troisi dated March 18, 2000 and recorded at the Middlesex County South District Registry of Deeds at Book 31260, Page 415.

For title of Leo F. Bertolami, as Trustee of Old Mill Development Trust, to the parcels shown on the Sketch Plan, see deed of Dean E. Comeau, Executor of the Estate of Charles E. Comeau, dated January 23, 1986 and recorded at the Middlesex County South District Registry of Deeds at Book 16728, Page 584.

Executed under seal this 24th day of MARCH, 2004.
